

Perry Becker Design

Visionary Placemakers and Destination Designers

The Perry Becker Design team comprises land planners, landscape architects, thematic designers, environmental graphic artists, and construction managers, all united by a collaborative goal to create immersive built and natural environments. Our design philosophy is rooted in the belief that our efforts enhance the lives of individuals and the community. To keep pace with an ever-changing world and advancements in healthcare technologies, our healthcare designers are dedicated to continually evolving their knowledge of global best practices in healing environments. We pay meticulous attention to detail in designing healthcare facilities of all scales, ensuring they are safe, comfortable, and inviting for a diverse range of end users.

PBD supports our Clients by offering a full range of development design services including the following:

- Healthcare Campus Master Planning
- Adult Living Facilities (ALF) Design
- Skilled Care Facilities Design
- Rehabilitation Facilities Design
- Dementia and Memory Impaired Garden Design
- Sensory and Meditation Gardens
- Land Development Planning
- Landscape Architectural Design
- Signage & Wayfinding Design
- Materials Procurement
